

Texas Commission on Environmental Quality

CERTIFICATE OF DELIVERY OF PUBLIC NOTICE TO CUSTOMERS: Boil Water Notice

Public Water System (PWS) name: CITY OF WELLSPWS ID: 0370004 Date of violation(s) or situation(s) JANUARY 12, 2021

Type of Total Coliform Rule Ground Water Rule violation(s) or situation:

- Boil Water Notice (BWN) due to: loss of pressure, line break, water outage, or any condition requiring a BWN (includes Rescind Notice)
- Treatment technique violation (Ground Water or Surface Water Treatment Rule)

30 TAC 290.46(q)(1) requires that your PWS make an adequate, good-faith effort to reach all consumers served by the system by appropriate methods (check all below that apply):

COMMUNITY WATER SYSTEM (perform one of the following):

- Provide a copy of the Boil Water Notice to the radio and television stations serving the area surrounding the public water system
- Publish BWN in local newspaper
- Deliver BWN directly to each customer via mass call system
- Post BWN in conspicuous places within the affected area

NONCOMMUNITY WATER SYSTEM (perform one of the following):

- Deliver BWN directly to customers, or
- Post BWN in public places within the area served by the system

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations."

Certified by: (print name): Carl Pennington Title: SuperintendentDate of Delivery to Customers: 1/12/2021 Phone: (936) 635-6476Signature:  Date: 1/12/2021

Fax to (512) 239-3666 or mail a copy of this completed form, **AND** copies of the Public Notices given to your customers to: TCEQ – Public Drinking Water Section MC – 155, Attn: Public Notice. P. O. Box 13087 Austin, TX 78711-3087

Special Precautions Log

1-12-2021
Date

No

If no, record the PSI at the worst case location(s) affected by the event (such as highest elevation):

Corner of Homer
and 4th St
Location 0 PSI CP Initials

Location _____ PSI _____ Initials

Location _____ PSI _____ Initials

Notes

Location of event(s):

Fire Hydrant @ Homer Rd and
W 4th St.

Locations of flushing and disinfectant residual results:

See flush log

Locations of bacteriological samples:

See lab sheet

Attach BWN, Certificate of Public Delivery, bacteriological lab samples, BWN rescind notice, and other applicable documentation.

Note 1: If a line break area was contaminated (e.g. sewer main break near it), and system does not utilize slug chlorination, then a BWN should be issued.

Did the water main pressure drop below 20 PSI and was the line partially or fully dewatered?

Option A

Yes

Option B

Circle Yes or No and Initial Each Answer

A. Can the mains be disinfected according to AWWA Standards (C651-05) & flushed?

CP Initials Yes No BWN

1. Was the trench treated with calcium hypochlorite?

CP Initials Yes No BWN

2. Were couplings swabbed with sodium hypochlorite?

CP Initials Yes No BWN

3. If slug chlorination is planned, where practical, then:

3.1 Can service connections be shut off?

CP Initials No Yes If No, then skip No. 3, but see Note 1.

3.2 Can the main(s) be isolated?

CP Initials No Yes If No, then skip No. 3, but see Note 1.

3.3 Before slugging, review 4.7 of C651-05. Then list:

C12 Concentration Contact Time Initials

3.4 If slugged, then see Appendix C of C651-05 regarding disposal of heavily chlorinated water.

4. Were the main(s) flushed until water was clear?

CP Initials Yes No BWN

5. Were the disinfectant residuals restored to normal?

CP Initials Yes No BWN (List locations and results in notes section.)

6. Were bacteriological samples taken?

CP Initials Yes No BWN

B. Issue a Boil Water Notice (BWN) to the customers in the area where the loss of pressure occurred.

1. List BWN method of delivery?

Examples: Door Hanger, Radio, TV, Signs, Call System

Call System
Method(s) CP Initials

2. Is BWN notice attached? Yes No

CP Initials

3. Was Certificate of Public Delivery & BWN faxed to TCEQ? Yes No

CP Initials

4. Though not required, were lines flushed (recommended)? Yes No

CP Initials

5. Were bacteriological samples taken? Yes No (List locations and results in notes section.)

CP Initials

6. Was lab asked to expedite results (fax)? Yes No

CP Initials

7. Were bacteriologicals negative? Yes No

CP Initials

7.1 Was BWN left in effect and TCEQ contacted? Yes No

CP Initials

7.2 Was a BWN rescind notice issued? Yes No

CP Initials

7.2.1 Were lab results and rescind notice faxed to TCEQ? Yes No

CP Initials

Public Notice to Boil Water

January 12, 2021

Due to WATER MAIN BREAK AT A FIRE PLUG, the Texas Commission on Environmental Quality (TCEQ) has required our water system CITY OF WELLS ID# 0370004 to notify customers of the need to boil their water before consumption.

The only structures effective by this water line break are listed below:

**ALL CUSTOMERS LIVING ON HOMER RD, W FOURTH STREET,
W SIXTH STREET AND NORTH AND SOUTH LILLIAN RD ONLY.**

To ensure the destruction of all harmful bacteria and other microbes, water for drinking, cooking, and making ice should be boiled and cooled before use. The water should be brought to a vigorous, rolling boil and then boiled for two minutes. In lieu of boiling, you may purchase bottled water or obtain water from some other suitable source.

When it is no longer necessary to boil the water, the water system officials will notify you that the water is safe for consumption. Instructions to discontinue boiling will be issued in the same manner as this notice.

**If you have questions concerning this matter, you may contact
CARL PENNINGTON OR MELANIE POUNDS AT (936) 867-4615**

If a customer wishes to contact the TCEQ, they may call 512-239-4691

Boil Water Rescind Notice

On **January 12, 2021**, the Texas Commission on Environmental Quality (TCEQ) required our public water system **CITY OF WELLS ID# 0370004** to issue a Boil Water Notice (BWN) to inform our customers that due to a line break causing an interruption in service, water from our system must be boiled prior to consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of **January 19, 2021**.

**If you have questions concerning this matter, you may contact
CARL PENNINGTON OR MELANIE POUNDS AT
(936) 867-4615.**

**If a customer wishes to contact the TCEQ, they may call
(512) 239-4691**
